Introducing BlueHive AI

Instant Assistance with BlueHive's Smart Concierge AI Chatbot and Phone Support

Our advanced Smart Concierge AI is designed to provide instant support for a variety of needs, enhancing your HR capabilities.

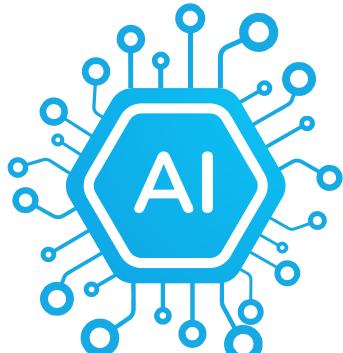

Engage in real-time chat to:

- **Track Order Statuses:** Receive up-to-the-minute updates on test orders, processing times, and results.
- **Schedule Appointments:** Conveniently book or reschedule appointments with service providers, ensuring flexibility and efficiency.
- **Answer Frequently Asked Questions:** Quickly find answers to common queries about HR processes, benefits, and service details.
- **Navigate Service Options:** Easily explore available services, testing options, and provider locations tailored to your requirements.
- **Resolve Issues Promptly:** Address concerns or troubleshoot issues with immediate, accurate responses from the chatbot.

With our Smart Concierge AI chatbot, you empower your HR team with a responsive, 24/7 digital assistant that simplifies workflow and enhances employee satisfaction.

BlueHive's Smart Concierge AI revolutionizes HR efficiency, streamlining access to critical information for employers, employees, and service providers. This cutting-edge tool offers rapid, seamless support for tasks such as ordering tests, locating nearby providers, and more.

For service providers, the Smart Concierge AI facilitates appointment scheduling and efficiently manages general inquiries, enabling smoother operations and enhancing overall user experience.

What is BlueHive?

The Online Occupational Health Ecosystem

BlueHive is the on-demand marketplace for occupational healthcare. It's a place where employers, employees, and providers come together to complete medical screenings and exams that keep employers compliant and employees on the job.

Streamline your process

Explore customizable dashboards for employers, employees, and providers to meet your unique needs.

Stay healthy and compliant

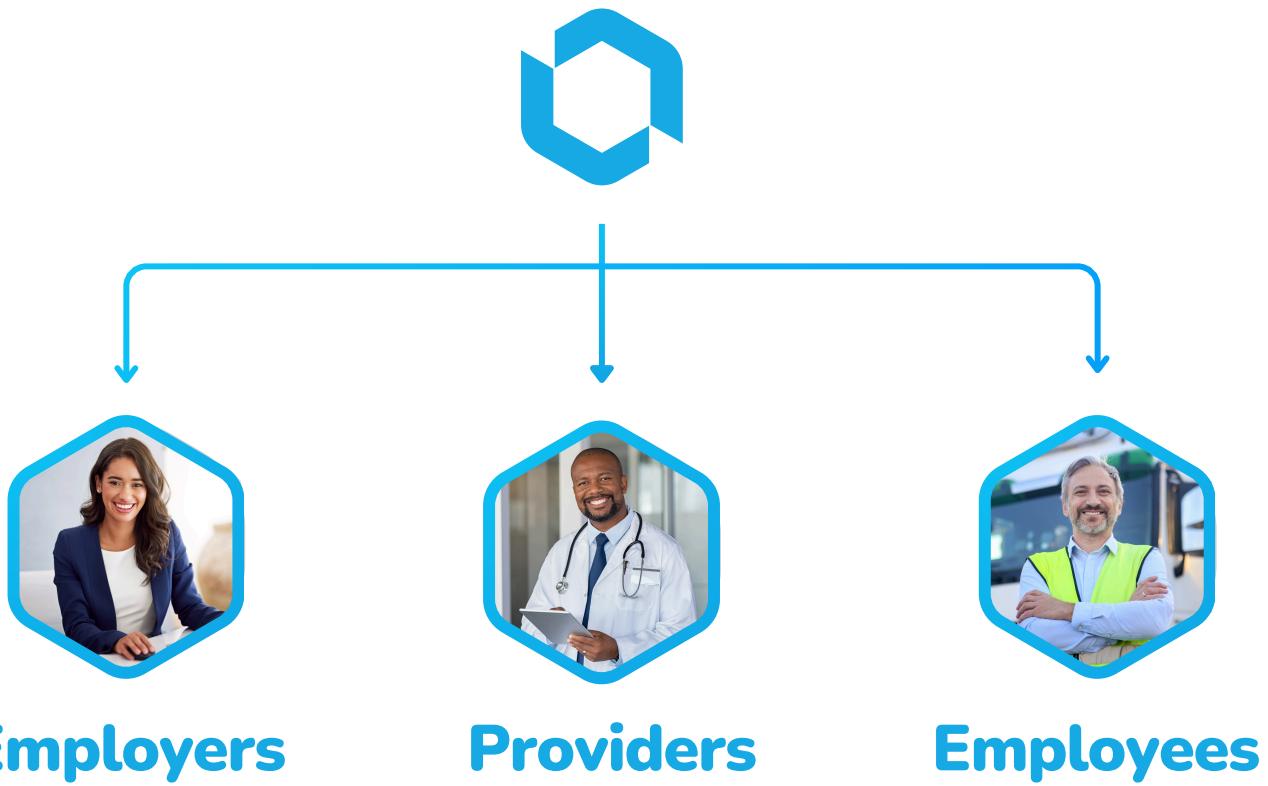

Locate physicians providing occupational health services your employees need to keep them healthy and on the job.

Keep it all secure and private

Have peace of mind with a secure and trusted environment for managing and viewing health test results.

The BlueHive Solution

BlueHive is designed with everyone in mind—employers, providers, and employees. Our platform streamlines the entire process, from provider sourcing and compliance management to scheduling and invoicing, ensuring a seamless experience for all users.

With BlueHive, employers find reliable health services, providers gain better visibility and efficiency, and employees enjoy accessible and comprehensive care. We prioritize simplicity and effectiveness.

The BlueHive Solution

Employers

- Efficiently manage occupational health needs
- Access a nationwide network of 17,000+ providers
- Streamline scheduling and track employee exams
- Time-saving and faster onboarding of new employees
- Full concierge services

Providers

- Connect with employers and expand clientele
- Simplify appointment scheduling and record-keeping
- Enhance visibility and attract new patients

Employees / Individuals

- Conveniently access occupational health services
- Receive timely notifications, reminders, and test results
- Ensure compliance with regulatory requirements

Features at a Glance

CSV Importing

Easily import and organize your entire roster by department or location for efficient management.

Order Creation

Manage various services, set limits, and create recurring orders for physicals, labs, vaccines, and more.

Service Management

Auto-accept referrals, offer discounted fee schedules, maintain service inventory, and more.

Simplified Invoicing

Easily access your balances and invoices, with the option to make immediate credit card payments.

Single-Sign On

Customizable SSO authentication and secure emails for results, orders, and direct provider chats.

Provider Directory

Access a 17,000+ provider directory, where information, appointments, and pricing are efficiently handled.

Our Provider Directory

Our extensive provider directory is the result of five years of dedicated effort by our provider relations team. They've meticulously grown and maintained our listings, ensuring they are always up-to-date.

This commitment ensures access to a comprehensive and accurate network of over 17,000 occupational health providers, making it easier than ever to find the right services for your needs.

Our Service List

BlueHive offers an extensive service list with a wide variety of services, ensuring that all occupations are accounted for.

Our meticulously cataloged network of providers covers everything from drug screenings and fitness-for-duty assessments to specialized health exams.

With BlueHive, you can easily find the right service for every need, guaranteeing comprehensive care and compliance for all employees across diverse industries.

The BlueHive Story

Picture a French landscape, home to a bustling candy factory. Here, diligent bees found an unconventional food source—blue M&Ms.

In their industrious pursuit, these bees inadvertently turned their honey a distinctive shade of blue. The name, “BlueHive,” is drawn from this industrious scene, symbolizing a hive of collaboration, innovation, and dynamic energy within occupational health.

Just as bees work harmoniously within a hive, BlueHive is designed to be a cohesive unit where various elements—employers, providers, and employees—come together seamlessly.

The Benefits of Integrating Your EHR with BlueHive

In today's healthcare landscape, integrating Electronic Health Records (EHR) systems with advanced occupational health platforms like BlueHive is essential. Here are some key reasons why EHRs are integrating with BlueHive:

Enhanced Provider Network Access

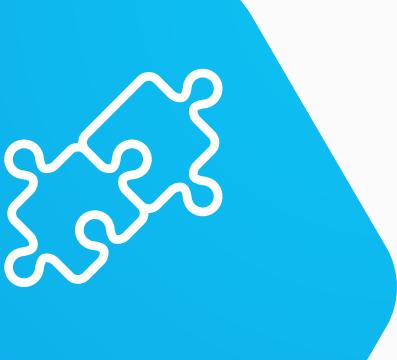

- **17,000+ Clinic Locations:** Access an extensive network of clinic locations nationwide, ensuring healthcare providers can easily connect with occupational health services.
- **Comprehensive Directory:** BlueHive's curated provider directory helps users find the best services, enhancing patient care and convenience.

Streamlined Compliance and Reporting

- **Regulatory Compliance:** Automate compliance tracking and reporting to meet stringent regulatory standards, reducing the risk of penalties and ensuring seamless adherence to regulations.
- **Real-Time Updates:** Benefit from real-time updates and notifications, improving communication efficiency and reducing administrative burden.

Simplified Scheduling and Coordination

- **Automated Scheduling:** AI-powered scheduling tools simplify appointment coordination, making it easier for healthcare providers to manage appointments efficiently.
- **Provider Concierge Service:** BlueHive's concierge service handles scheduling and coordination with providers, ensuring a seamless patient experience.

The Benefits of Integrating Your EHR with BlueHive

Improved Patient Care

- Comprehensive Health Programs:** Offer personalized health programs integrated into EHR/EMR systems, promoting well-being and preventive care.
- Data Integration:** Consolidate health data from various sources, providing a holistic view of patient health and supporting better clinical decisions.

Financial Efficiency

- Optimized Invoicing:** BlueHive manages provider payments and invoicing efficiently, streamlining the billing process and ensuring accurate and timely payments.

Enhanced User Experience

- Intuitive Interface:** Integrate smoothly with existing EHR/EMR systems, providing a seamless user experience for healthcare providers and patients.
- AI-Driven Features:** Leverage AI to enhance functionality, automate routine tasks, and provide intelligent insights, making healthcare processes more efficient.

The screenshot displays the BlueHive EHR interface. On the left, a sidebar shows patient details: Hart, William S., 69 y/o M, DOB 11-30-1954, with allergies to PENCILLINS, SULFA/SULFONAMIDE ANTIBIOTICS. The main workspace shows a 'Create Requisition' dialog for Hart, William S. (DOB: 11-30-1954). The requisition is for 'TEST-10019' and is set to be 'Soon'. The 'Demographics' section on the left shows Hart's address as 2300 Commonwealth Avenue, Fort Wayne, IN 46804, and his phone number as (260) 444-0055. The 'Appointments' section shows no scheduled appointments. The 'Titer Results' section lists various antibody titers. On the right, a map of the Phoenix area shows the locations of several urgent care facilities: NextCare Urgent Care - Glendale (N 59th), NextCare Urgent Care - Phoenix (W McDowell), FastMed Urgent Care - Phoenix (N 19th), Valley DOT Physicals - Phoenix, and FastMed Urgent Care - Phoenix (E Thunderbird). A sidebar on the right lists service dates for Hart, William, from October 2018 to April 2024.

The Advantages of Connecting Your HRIS to BlueHive

For Human Resource Information Systems (HRIS), integrating with BlueHive offers numerous benefits that enhance HR operations and improve employee well-being. Here's why HRISs are integrating with BlueHive:

Comprehensive Service Offerings

- **100+ Occupational Health Services:** Access a wide range of services, from drug screenings to fitness-for-duty assessments, ensuring comprehensive employee health management.
- **Diverse Provider Network:** Utilize BlueHive's extensive network of over 17,000 providers, ensuring easy access to necessary services.

Efficient Compliance Management

- **Automated Compliance Tracking:** Ensure regulatory compliance with automated tracking and reporting, reducing administrative workload and minimizing compliance risks.
- **Real-Time Monitoring:** Keep track of compliance in real-time, providing HR professionals with up-to-date information and peace of mind.

Simplified Service Procurement

- **Effortless Scheduling:** Coordinate appointments easily with BlueHive's AI-powered scheduling tools, or let our provider concierge service manage appointments for you.
- **Integrated Scheduling Options:** Choose providers with integrated scheduling for maximum convenience and efficiency.

The Advantages of Connecting Your HRIS to BlueHive

Financial Optimization

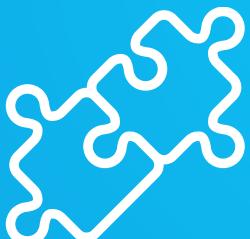

- **Streamlined Invoicing:** BlueHive handles invoicing and provider payments, reducing financial management complexities for HR teams.
- **Cost Management:** Optimize costs with efficient billing processes and transparent invoicing.

Enhanced Employee Experience

- **Personalized Health Programs:** Offer tailored health programs that integrate seamlessly with HCM/HRIS systems, promoting employee well-being and satisfaction.
- **Seamless User Experience:** BlueHive's intuitive platform ensures a smooth user experience for both HR professionals and employees.

Advanced Technology Integration

- **AI-Driven Features:** Enhance HR operations with AI-powered tools that automate routine tasks, provide intelligent insights, and streamline processes.
- **Mobile Accessibility:** Access BlueHive's features and services from anywhere with a fully-responsive design and mobile app, making it convenient for HR professionals on the go.

CONTINUE

The BlueHive External Provider Portal provides a straightforward and secure way for external providers to receive orders and payments. This system allows providers to view necessary order details without needing to sign up. For employers, this means BlueHive's services are accessible wherever qualified providers are present, inside or outside the BlueHive ecosystem.

The portal is designed with security in mind, ensuring that all transactions and data exchanges are protected. Providers can easily schedule appointments, upload results, and receive payments through the portal, all without needing to log in. This streamlined approach makes it incredibly convenient for providers to manage their tasks and for employers to ensure that services are efficiently rendered, regardless of the provider's affiliation with BlueHive.

Simplify Invoicing with BlueHive's Seamless Payment Processing

BlueHive transforms invoicing and payment management into a hassle-free experience for all stakeholders. With our comprehensive solution, you eliminate the need to set up individual accounts for each provider, saving time and reducing complexity.

Unified Payment Process: Employers pay BlueHive directly, and we manage payments to all service providers. This centralized approach streamlines your financial operations and minimizes administrative burdens.

Secure and Reliable Transactions: BlueHive handles all payment processing with top-tier security measures, ensuring that transactions are safe and efficient. Our robust system guarantees that funds are transferred accurately and promptly.

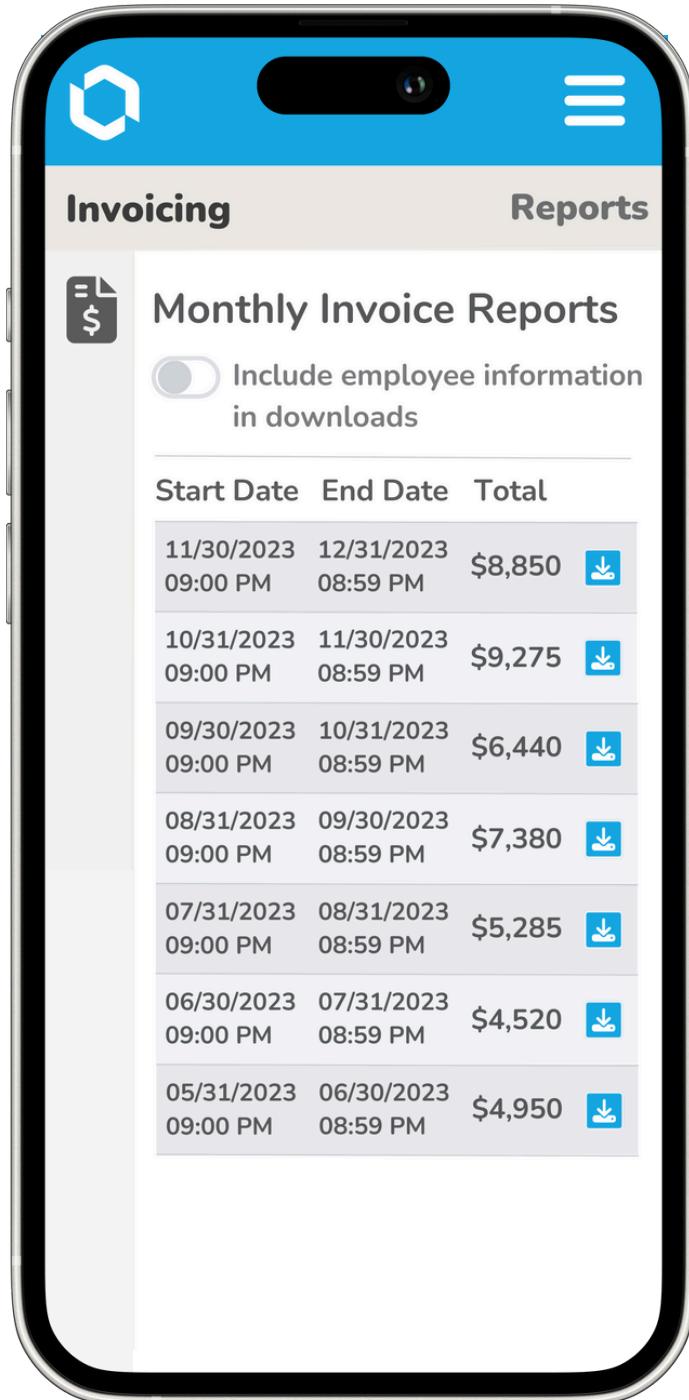

Effortless Account Management: Say goodbye to the tedious process of managing multiple accounts. BlueHive sets up and maintains accounts for each provider, offering a seamless and integrated payment experience.

Transparent Financial Oversight: Gain clear insights into payment statuses, transaction histories, and financial records through our user-friendly dashboard. This transparency empowers you to keep track of all financial activities with ease.

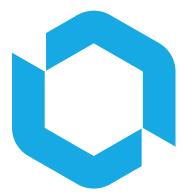

Enhanced Provider Relationships: By managing payments and account setups, BlueHive reduces the administrative load on providers, fostering smoother and more productive collaborations.

With BlueHive, invoicing and payments are no longer a chore. Enjoy the peace of mind that comes with knowing your payment processes are streamlined, secure, and fully managed by a trusted partner.

Invoice Transparency

All individual invoices from providers can be individually viewed and downloaded for full transparency, ensuring that employers have complete access to detailed billing information whenever needed.

BlueHive understands the importance of honoring existing agreements and customized pricing arrangements between providers and employers. That's why our platform includes a feature for special pricing and fee schedules.

For providers with established agreements in place, BlueHive ensures that the pricing for certain services reflects these unique arrangements. This means that the costs for specific employers may differ from the standard rates available to the broader network.

With this feature, BlueHive streamlines the billing process, ensuring that all parties are billed accurately according to their specific agreements. Employers benefit from transparent, predictable pricing, while providers can easily manage and apply their negotiated rates within the platform.

Investigating Health Program Impact

Evaluating the ROI of Occupational Health Programs for Businesses

Introduction

In today's dynamic business landscape, the well-being of employees is a cornerstone of organizational success. As companies increasingly recognize the importance of occupational health, understanding the Return on Investment (ROI) becomes crucial. This article explores the key elements in evaluating the ROI of occupational health programs, with a spotlight on the transformative role BlueHive plays in enhancing these initiatives.

Understanding the Significance of Occupational Health Programs:

Occupational health programs encompass a range of initiatives designed to promote and maintain the physical, mental, and social well-being of employees within the workplace. From preventive measures to timely interventions, these programs contribute not only to employee welfare but also to the overall productivity and success of a business.

Metrics for ROI Assessment:

To evaluate the effectiveness of occupational health programs, businesses should consider various metrics. These may include reduced absenteeism, improved productivity, lower healthcare costs, and enhanced employee satisfaction and retention. By analyzing these metrics, companies can quantify the impact of their investment in employee health.

BlueHive's Role in Enhancing Occupational Health Programs:

BlueHive, as a leading occupational health management platform, offers innovative solutions that contribute significantly to the success of occupational health programs. By providing a centralized hub for managing employee health-related data, appointments, and compliance, BlueHive streamlines processes, saving time and resources for employers.

Efficiency through Technology:

One of the key factors influencing ROI is the efficiency gained through technology. BlueHive's user-friendly platform simplifies administrative tasks, allowing businesses to allocate resources more effectively. Automated workflows, data synchronization, and real-time tracking contribute to a seamless and efficient occupational health management experience.

Proactive Health Monitoring:

BlueHive's features extend beyond mere management; they include proactive health monitoring. By leveraging tools like audiograms and comprehensive health data analysis, employers can identify potential health risks early on, enabling preventive measures that contribute to long-term cost savings and improved employee well-being.

Streamlined Compliance:

Compliance is a critical aspect of occupational health programs. BlueHive ensures that businesses stay on top of regulatory requirements, reducing the risk of penalties and legal issues. This streamlined compliance process further contributes to the overall ROI of occupational health initiatives.

Conclusion:

In conclusion, evaluating the ROI of occupational health programs involves a comprehensive analysis of various factors. By embracing innovative solutions like BlueHive, businesses not only enhance the efficiency of their programs but also contribute to the well-being of their workforce. The transformative impact of BlueHive on occupational health initiatives positions it as a valuable ally in achieving a positive and measurable ROI. As businesses navigate the evolving landscape of employee health, integrating advanced technologies becomes paramount for sustained success.

Compliance in a Remote World

Simplifying Remote Employee Drug Screen Sourcing

Introduction

In today's evolving workplace landscape, remote work has become increasingly prevalent, presenting new challenges for HR professionals, including sourcing drug screens for remote employees. However, with the BlueHive solution, the process has been streamlined, making it simpler and more efficient than ever before.

The Importance of Drug Screening for Remote Employees

Ensuring a drug-free workplace is crucial for maintaining productivity, safety, and compliance with regulations. Remote employees are no exception, and HR professionals must find effective ways to conduct drug screenings regardless of employees' locations. Companies that contract with the federal government must adhere to stringent mandates requiring employee drug screenings, adding another layer of responsibility for HR teams.

Challenges of Traditional Drug Screen Sourcing

Traditional methods of sourcing drug screens for remote employees often involve logistical challenges, such as coordinating appointments, managing paperwork, and ensuring compliance with regulations across different jurisdictions. These challenges can be time-consuming and resource-intensive for HR departments.

A Solution for Remote Employee Drug Screen Sourcing

BlueHive offers a comprehensive platform that simplifies the process of sourcing drug screens for remote employees. With our user-friendly interface and advanced features, HR professionals can streamline every aspect of the process, from scheduling appointments to accessing results.

Key Features and Benefits of BlueHive

- **Centralized Platform:** BlueHive provides a centralized platform where HR professionals can manage all aspects of drug screen sourcing, including scheduling and documentation.
- **Nationwide Provider Network:** With BlueHive's extensive network of over 17,000 providers, HR professionals can easily find accredited facilities to conduct drug screenings for remote employees, regardless of their location.
- **Automated Workflows:** BlueHive automates many aspects of the drug screen sourcing process, reducing manual tasks and streamlining workflows for HR professionals.
- **Compliance Assurance:** BlueHive helps ensure compliance with regulatory requirements by providing up-to-date information and guidance on drug screening regulations in various jurisdictions.
- **Enhanced Efficiency:** By leveraging BlueHive's tools and resources, HR professionals can save time and resources typically spent on coordinating drug screenings for remote employees, allowing them to focus on more strategic HR initiatives.

Conclusion

In conclusion, sourcing drug screens for remote employees doesn't have to be a daunting task for HR professionals. With BlueHive, HR departments can simplify the process, save time, and ensure compliance with regulatory requirements. By leveraging BlueHive's advanced features and nationwide provider network, HR professionals can streamline drug screen sourcing for remote employees, ultimately contributing to a safer and more productive workplace.

Client Testimonial

Valerie McKain,
HR Director,
SHRM-CP

"As an HR Director, I am delighted to share our exceptional experience with BlueHive. This innovative platform has truly revolutionized our onboarding process, providing a seamless and efficient solution for conducting drug screens anywhere in the company.

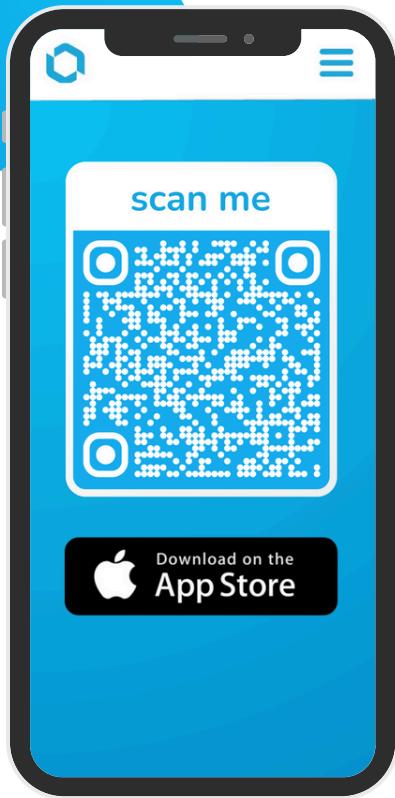

From the outset, the expedient customer service offered by the BlueHive team has been nothing short of outstanding. Their commitment to addressing our queries promptly and effectively has not only saved us valuable time but also demonstrated a level of dedication rarely seen in the industry. The team's knowledge and professionalism have truly set a gold standard for customer support.

The system's ease of use has been a game-changer for our HR department. Navigating through the platform is intuitive, and the user-friendly interface makes the entire process remarkably straightforward. Whether it's scheduling drug screens, accessing results, or generating reports, BlueHive has streamlined these tasks, allowing our team to focus on more strategic aspects of our onboarding process.

Since we hire all over the US, the flexibility to send new hires for drug screens anywhere in the country has proven to be a tremendous asset.

BlueHive has exceeded our expectations in every aspect. The combination of exceptional customer service, ease of use, and flexibility has made it an invaluable tool in our HR toolkit. I wholeheartedly recommend BlueHive to any organization looking to enhance their onboarding process and ensure a drug-free workplace."
